

**July 13, 2015**

**New York, NY:**

Energy Marketing Conferences (“EMC”) and Illinois Energy Professionals Association (“ILEPA”) announced a marketing partnership today. ILEPA members will receive a 50% discount on the upcoming Energy Marketing Conference taking place in New York City on September 10<sup>th</sup> 2015 and will have the opportunity to register online for just \$199.00.

ILEPA members can click here to register for the conference:

<https://www.energymarketingconferences.com/registration/>

They can use coupon code “ILEPA200” to achieve their \$200 discount off the price of \$399.

The upcoming conference will take place on the top floor of the Hotel Pennsylvania, just across the street from Madison Square Garden in New York City. Over 400 retail energy professionals are expected to attend, making this the largest gathering of retail energy professionals in the country. Also planned are 25 speakers on three panels, a full brainstorming session and summary panel, an award ceremony, seven executive workshops that take place during the breakfast, luncheon and two other networking breaks. Finally, the conference will host about 40 exhibitors and conclude with a large reception. It promises to be another sellout event, as the last three conferences were all sold out and had waiting lists to get in.

David C. Wiers from ILEPA and President of Satori Energy has agreed to participate in the planning of a new “Broker Panel” at the conference.

Additionally, any EMC attendee has the opportunity to attend ILEPA’s annual conference held in Chicago on Wednesday, September 16<sup>th</sup> at the Standard Club. More information is available here: <http://www.ilepa.org/>.

#### About Energy Marketing Conferences:

The mission of the Energy Marketing Conference is to provide the competitive energy industry with exciting conferences in premium locations at very affordable prices. The goal of the conference is to bring together hundreds of energy companies, utilities, marketers, vendors and suppliers in the competitive energy industry to network and learn more about our industry.

#### About the Illinois Energy Professionals Association:

Founded in 2007, the Illinois Energy Professionals Association (ILEPA) is a self-regulating body aimed at standardizing processes and ensuring agents, brokers, and consultants (ABCs) maintain an acceptable level of market knowledge and responsibility while transacting in the marketplace. Members of the ABC indirect sales channel community have come together with a common goal to provide a forum for developing common interests, upholding the integrity, and maintaining the honor in the business of the deregulated retail energy market in Illinois.
